Note: Come on now, I'll put honorifics in for this dark fanfic.

I am Usagi aka Sailor Moon. After being beaten violently by Endymion, I can't call him Mamo-chan, Queen Beryl orders him to return to her. He obeys, despite my tears.

"Good. Now, my prince, undress."

Endymion obeyed the evil queen. Seeing him naked, I can't help but blush. When Beryl orders him to fuck her, I scream.

"NOOOOOON! DON'T DO THIS!"

The queen laughs. After she takes off her purple dress, Mamo-chan *Prince Endymion* makes love to her. The prince's lips on her flesh, his tongue on her private parts, his manly sword inside her. It's too much for me. I yell, I cry, I beg Queen Beryl to stop right now. She ignores me, of course, and my torments are blended with their orgasms. After Endymion and Beryl finished, I thought I had experienced the worst, but *I was wrong*. The evil queen is not done with me.

"So, Moon Princess, did you enjoy it? Your suffering gives me happiness, but my joy will be only absolute when you'll be mine!"

She gives a last order to Prince Endymion and my body, already weakened, is paralyzed in terror.

"*Fuck Sailor Moon!* Break her, so she can be my toy! HA HA HA HA HA!"

I don't have time to say anything as Mamo-chan *Endymion* is already on me. He pulls out my brooch. I de-transform. The prince rips off my school uniform and underwear. He forces his hands on my chest, his tongue on my crotch then his manhood inside me. I scream until no sound comes out of my mouth. I hear the prince grunting and moaning, I hear Queen Beryl laughing.

"You will call me *Beryl-sama*, Princess Serenity, my future sex toy!"

Endymion will continue to rape me until her wish is fulfilled.
